

Jilin UNIVERSITY Dorsal Hand Vein Database License Agreement

The goal of our research is to explore new methods for hand vein. Jilin University is the owner of the database, and serves as the source for distribution to biometrics research community.

Release of the database:

To advance the research efforts in the field, the database will be made available to researchers on a case-by-case basis. All requests for the database must be submitted in writing by the researchers' institution to get the passwords of the database. To receive the passwords of the database, the researcher must agree to the conditions below, and sign the document. The passwords to unzip the database will be granted after the receipt of the signed document.

Conditions:

1. Redistribution: I agree that the copy I receive is for the use, for research purposes, of my lab only. I will not redistribute a part or the whole database.
2. Protection of identity: The identity of the subjects in the database is strictly protected. Names are not released. I agree not to disclose the names of the persons in the database and to connect the data with the names, if I get this information through another source.
3. Modification: I agree not to modify the database in any form.
4. Commercial use: The database is released for research purposes only. I will not use the original data or modified copies for any commercial purposes.
5. Warranty: The database comes without any warranty. Jilin University is not responsible for any damage caused by the use of the database.

I agree to all of the conditions written in this Agreement:

Name of Recipient (in capitals):

Title of Recipient (in capitals):

Signature of Recipient and Date

Name of Authorized Official (in capitals):

Title of Authorized Official (in capitals):

Signature of Authorized Official and Date

Organization and Address:
